SECTION 6 - DIRECTORY LISTING SERVICES, (Cont'd.)**6.1 General Terms and Conditions**

- 6.1.1** The Company shall provide for a single directory listing, termed the primary listing, in the telephone directory published by the dominant exchange service provider in the customer's exchange areas of the Station number which is designated as the Customer's main billing number. Directory listings of additional Company Station numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for a monthly recurring charge per listing
- 6.1.2** The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing, or the identification of the Customer is not impaired thereby. Where more than one line is required to properly list the Customer, no additional charge is made.
- 6.1.3** The Company may refuse a listing which is known not to constitute a legally authorized or adopted name, obscenities in the name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
- 6.1.4** Each listing must be designated Government or Business to be placed in the appropriate section of the directory. In order to aid the user of the directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business Section and only residential listings in the Residential section. The Company, upon notification to the customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
- 6.1.5** In order for listings to appear in an upcoming directory, the Customer must furnish the listing to the Company in time to meet the directory publishing schedule.

SECTION 6 - DIRECTORY LISTING SERVICES, (Cont'd.)**6.2 Directory Listing Service****6.2.1 General**

Rates and regulations for listing service are applicable only to listings in the alphabetical directories.

Directory listings are limited to such information as is essential to the identification of the listed party. The listing of a service, commodity, or trade name is not permitted unless it is the name, or an integral part of the name, under which the Customer does business.

A listing is limited to one line in the directory, except where in the judgment of the Company, more than one line is required to identify the Customer properly. In such cases, the additional lines required are provided at no extra charge.

Listing services are available with all classes of main telephone exchange service.

6.2.2 Listings

One listing, termed the initial listing is included with each Customer's service, and with the initial line of a line hunting group.

At a charge, additional listings may be included in the alphabetical directory and on directory assistance records, or appear on directory assistance records only. The additional directory listing charge commences with the delivery date of the issue of the directory in which the listing first appears. The monthly rate for an additional listing commences the day after the directory assistance records are posted.

If an additional listing is ordered discontinued by the Customer after the closing of the directory, the monthly rate continues through that issue of the directory and up to the date for rates to be effective for the next directory. If the additional listing is ordered discontinued before the closing date of the directory in which it would first appear the monthly rate continues only to the date of cancellation by the customer, with a minimum service period of one month.

SECTION 6 - DIRECTORY LISTING SERVICES, (Cont'd.)**6.2 Directory Listing Service, Cont'd.****6.2.3 Non-published Service**

Non-published service means that the customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records. However, such information may be displayed on a call-by-call basis at Public Safety Answering Point locations where Enhanced Universal Emergency Number service is provided (E911).

The Company will complete calls to a non-published number only when the caller dials direct or gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the customer paid for non-published service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

SECTION 6 - DIRECTORY LISTING SERVICES, (Cont'd.)**6.2 Directory Listing Service, Cont'd.****6.2.4 Non-directory Listed Service**

Non-directory listed service means that the customer's telephone number is not listed in the directory, but does it appear in the Company's Directory Assistance Records.

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-listed number.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-listed number in the directory or disclosing it to some. SECTION 12 –TOLL PRESUBSCRIPTION, (Cont'd.)**12.1 General**

Toll presubscription is a procedure whereby an end user or a Pay Telephone Service Provider may select and designate a Toll Provider (TP) to access toll calls without dialing an access code. The end user or Pay Telephone service Provider may designate a TP for intraLATA toll, a different carrier for interLATA toll, or the same carrier for both. This TP is referred to as the end user or Pay Telephone Service Provider preferred toll carrier (PIC).

Each carrier will have one or more access codes assigned to it for various types of service. When an end user or Pay Telephone Service Provider selects a carrier as its preferred toll carrier for a telephone line, only one access code of that carrier may be incorporated into the switching system of the Telephone Company permitting access to that carrier from that telephone line by the end user or Pay Telephone e Provider without dialing an access code. Should the same end user or Pay Telephone Service Provider wish to use other code dependent services of the same carrier, it will be necessary for the end user to Pay Telephone Service Provider to dial the necessary access code(s) to reach that carrier's other service(s).

A TP must use Feature Group D (FGD) Switched Access Service to qualify as a toll provider. All TPs must submit a Letter of Intent (LOI) to the Telephone Company at least forty-five days prior to the date on which the carrier proposes to begin participating in toll presubscription.

Selection of a TP by an end user or Pay Telephone Service Provider is subject to the terms and conditions in 12.2 following.

SECTION 12 –TOLL PRESUBSCRIPTION, (Cont’d.)**12.2 Presubscription Change Application****12.2.1 Initial Free Presubscription Choice for New Users**

New end users or Pay Telephone Service Providers will be asked to select a primary TP when they place an order for Telephone company Exchange Service. If a customer cannot decide upon a toll carrier at the time, the customer will have thirty (30) calendar days following completion of the service request to make a PIC choice without charge. In the interim, the customer will be assigned a “No-PIC” and will have to dial an access code to make toll calls. The free selection period available to new end users or Pay Telephone Service Providers is the period within thirty (30) days of installation of the new service.

Initial free selection available to new end user or Pay Telephone Service Providers are:

- Designating a TP as their primary carrier. Thereby requiring no access code to access that TP’s service. Other carriers are accessed by dialing 101-XXXX or other required codes.
- Choosing no carrier as a primary carrier, thus requiring 101-XXXX code dialing to access all TPs. This choice can be made by directly contacting the Telephone Company.

Following an existing end user’s or Pay Telephone Service Provider’s free selections, any change is subject to a nonrecurring charge, as set forth in 12.6, following.

12.2.2 Charge for Toll Presubscription

After expiration of the initial free presubscription choice period for new customers, as specified in 12.2.1, the end user or Pay Telephone Service Provider will be assessed a Toll presubscription charge as specified in 12.6 following.

12.2.3 Cancellation of Toll Presubscription by a TP

If a TP elects to discontinue Feature Group D service after implementation of the toll presubscription option, the TP is obligated to contact, in writing, all end users or Pay Telephone Service Providers who have selected the canceling TP as their preferred toll provider. The TP must inform the end users or Pay Telephone Service Providers that it is canceling its Feature Group D service, request that the end user select a new TP and state that the canceling TP will pay the PIC change charge, as provided in 12.6, following. The TP must provide written notification to LUMOS NETWORKS, LLC that this activity has taken place.

SECTION 12 –TOLL PRESUBSCRIPTION, (Cont'd.)**12.3 End User/Pay Telephone Service Provider Change Discrepancy**

12.3.1 When a discrepancy is determined regarding an end user's designation of a preferred toll carrier, the following applies depending upon the situation described:

A signed letter of authorization takes precedence over any order other than subsequent, direct customer contact with the Company.

When two or more orders are received for an end user line generated by telemarketing, the date field on the mechanized record used to transmit PIC change information will be used as the PIC authorization date. The order with the latest application date determines customer choice.

12.3.2 Verification of Orders for Telemarketing

No TP shall submit to the Company a PIC change order generated by outbound telemarketing unless, and until, the order has first been confirmed in accordance with the following procedures:

- .1** The TP has obtained the Customer's written authorization to submit the order that explains what occurs when a PIC is changed and confirms:
 - the customer's billing name and address and each telephone number to be covered by the PIC change order;
 - the decision to change the PIC to the TP, and
 - the customer's understanding of the PIC change fee; or
- .2** The TP has obtained the customer's electronic authorization, placed from the telephone number(s) on which the PIC is to be changed, to submit the order that confirms the information described in .1, preceding, to confirm the authorization; or
- .3** An appropriately qualified and independent third party operating in a location physically separate from the outbound telemarketing representative has obtained the customer's oral authorization to submit the PIC change order that confirms and includes appropriate verification data (e.g., the customer's date of birth or social security number).

SECTION 12 –TOLL PRESUBSCRIPTION, (Cont’d.)**12.4 PIC Switchback Options****12.4.1 Customer Denies Requesting Change of TP**

When the Company is contacted by an end user who denies requesting a PIC change, the end user will be credited the charge assessed for the disputed change in carrier, and will be switched back to the previous TP at no charge.

The TP is in no way relieved of the FCC requirements for:

- a. Verifying all PIC orders obtained by outbound telemarketing prior to submitting those orders, or
- b. Instituting steps to obtain verification of orders submitted to LUMOS NETWORKS, LLC.

In addition, the end user has the option of initiating a complaint to the FCC or the Public Service Commission concerning unauthorized changes in carrier. The complaint may be issued in writing to the Kentucky Public Service Commission, 211 Sower Boulevard, Frankfurt, Kentucky 40602

12.4.2 Customer Requests Switchback to Previous TP PIC

When the Company is notified via a call from the customer, where the end user is not denying the authenticity of the most recent change to the current PIC, the Company will change the customer's TP to the previous PIC. The customer will be billed the PIC charge as specified in 12.6, following.

12.5 PIC Freeze Option

A PIC Freezes Option is available to Customers who wish to “freeze” their PIC in an effort to prevent unwanted PIC changes. The customer must notify the Company and sign a PIC Freeze Authorization Form that notes the carrier that the freeze applies to as well as a Personal Identification Number (PIN) or Password the customer may use to “lift” the freeze when the customer chooses to make a change. The customer may also “lift” the freeze by using a three-way call between the carrier, the customer and the Company. If the Customer changes the PIC, a new form will need to be completed and maintained without charge to the Customer.
